Cornwall Council has teamed up with Galliford Try and DCH (formerly Devon & Cornwall Housing) to provide new homes on key locations across the county. The land off Chyryn Drive is one of a number of locations identified as a potential residential development site within the ‘Cornwall Land Initiative’. The proposals will include a mixture of homes for rent and shared-ownership. Please come along to the exhibition to learn more about this important project.

Representatives from DCH will be on hand throughout the day to advise on rental and shared-ownership opportunities!
